

# **AQUA (PEN OIL)**

## **Penetrating Oil Spray**

### **DESCRIPTION:**

**AQUA (Pen Oil)** is suitable for all kinds of electrical and industrial uses. It cleans dirt and grime, loosens rust and scale, and penetrates frozen parts. Use it to maintain and lubricate equipment.

**AQUA (Pen Oil)** is multi-functional. It cleans, penetrates, and lubricates to extend equipment life. It also acts as a moisture displacer and corrosion inhibitor. It drives out moisture and dries wet connections, leaving a protective film that is non-conductive. It is eco-friendly as it does not contain chlorofluorocarbons.

### **APPLICATION:**

- Protection of metal surfaces from corrosion in corrosive environment.
- Loosening of nuts / bolts due to deep penetrating action.
- Displaces moisture, thus preventing localised or crevice corrosion.
